

Certification Form for Out-of-Metro Load

If your load of solid waste originated, in whole or in part, from *inside* the Metro boundary, you must pay, in addition to the facility tip fee, a Metro Regional System Fee and Excise Tax. If your load originated from *outside* the Metro boundary, these charges do not apply. The origin of the load corresponds to where the waste was originally generated and *not* to a drop box staging area at another location. For a map of the Metro boundary, call Metro. Note that the Metro regional boundary is *not* the same as the urban growth boundary.

Any company or driver falsely claiming loads as having originated from outside the Metro boundary may be liable for Regional System Fees and Taxes plus fines of up to \$500 per violation.

An original form must be completed for each out-of-Metro load delivered to Lakeside Reclamation ("Grabhorn") Landfill. By completing this form you are certifying that your load originated from *outside* the Metro regional boundary.

I HAVE READ THE INFORMATION ABOVE AND CERTIFY THAT THIS LOAD ORIGINATED FROM **OUTSIDE** THE METRO BOUNDARY.

If your load of solid waste originated, in whole or in part, from *inside* the Metro boundary, you must pay, in addition to the facility tip fee, a Metro Regional System Fee and Excise Tax. If your load originated from *outside* the Metro boundary, these charges do not apply. The origin of the load corresponds to where the waste was originally generated and *not* to a drop box staging area at another location. For a map of the Metro boundary, call Metro. Note that the Metro regional boundary is *not* the same as the urban growth boundary.

Any company or driver falsely claiming loads as having originated from outside the Metro boundary may be liable for Regional System Fees and Taxes plus fines of up to \$500 per violation.

An original form must be completed for each out-of-Metro load delivered to Lakeside Reclamation ("Grabhorn") Landfill. By completing this form you are certifying that your load originated from *outside* the Metro regional boundary.

I HAVE READ THE INFORMATION ABOVE AND CERTIFY THAT THIS LOAD ORIGINATED FROM **OUTSIDE** THE METRO BOUNDARY.

This three-part form must be completed by the driver for each load delivered to the landfill from outside the Metro boundary (photocopies are not acceptable). If the origin of the load cannot be determined because the form is inaccurate, incomplete or illegible, the Metro Regional System Fee and Excise Tax will be applied.

For questions concerning this form, call the Metro Solid Waste and Recycling Department at (503) 797-1678. To order a detailed map of the Metro boundary, call the Metro Data Resource Center at (503) 797-1742.

Certification Form for Out-of-Metro Load

If your load of solid waste originated, in whole or in part, from *inside* the Metro boundary, you must pay, in addition to the facility tip fee, a Metro Regional System Fee and Excise Tax. If your load originated from *outside* the Metro boundary, these charges do not apply. The origin of the load corresponds to where the waste was originally generated and *not* to a drop box staging area at another location. For a map of the Metro boundary, call Metro. Note that the Metro regional boundary is *not* the same as the urban growth boundary.

Any company or driver falsely claiming loads as having originated from outside the Metro boundary may be liable for Regional System Fees and Taxes plus fines of up to \$500 per violation.

An original form must be completed for each out-of-Metro load delivered to Lakeside Reclamation ("Grabhorn") Landfill. By completing this form you are certifying that your load originated from *outside* the Metro regional boundary.
